All training will be provided and proper induction and OH&S aspects will be followed.

5.13  **EMERGENCY RECOVERY MEETING** – This will now be held on 28 July.

**Works Report**

5.14  In response to the concerned Community member who has taken photos of Mission Grass and other weeds, I would like to make the following comments: We would firstly like to thank those who choose to bring these topics to our attention. The CEO has received an email re this and will be talking with work staff next week to plan activities. The Council does listen to complaints and only asks that any of these be put in writing to the CEO.

Mission Grass is certainly visible within the Estate and year in, year out and we battle against this nuisance weed. Much of the problem arises from the lack of will by many within this community to control the existence of unwanted weeds upon their own blocks. The people who receive most of criticism for the presence of Mission and Gamba Grass and other classified weeds are this Works Department. We cannot eradicate these weeds effectively without other people acting on their own responsibilities and getting rid of it from their own blocks.

Irresponsible dumping of garden waste material around the Estate has also seen the introduction of Mission Grass in an open area along the track behind the Water Facility on the way to Two Fella Creek.

Each year, the Dept. of Lands and Planning have been made aware of the addresses of people not willing or able to control weeds upon their own block. The Dept. responded by supplying (free of charge) Poison and Sprayers to help people control weeds on their own blocks. This Service was advertised but unfortunately the response was quite poor with only a few people taking up the Department’s offer.
The problem can also be reduced if everyone assists, same as the problem at the Tip, which at times is left in a disgraceful state by those who just don’t care.

Recent, unexpected rains have seen the need for the Estate Verges to be mown once more before the equipment can be ‘rested’ till later in the year. It has also enabled unwanted weeds to grow which, without the rain, would not have grown until the first rains later in the year.

**Work performed during May:**

- Sportsground Mow
- Walk to School Day preparations
- Mow temporary car park at ferry grounds
- Dispose 2 Vans from W/shop
- Service Finishing Deck and Truck
- Fill and smooth Sports ground wheel ruts
- Estate Verge mowing
- Mow Corner Charles Pt. Rd and Wagait Tower Rd.
- Mow Bicycle Path edge
- RUA contract obligations
- Power and Water obligations
- Jetty obligations
- Security checks on Council house during CEO,s absence
- Tidy up of work shop area

**Resolution No. 2014/106**

That the officers’ reports for the month of May 2014 be received and accepted.

**Moved:** Cr Brad Irvine  
**Seconded:** Cr Ian Crawshaw  
**Vote:** AIF

5.15 In response to Works Report, CEO to contact Department of Lands and Planning to see if poison and sprayers can be supplied to help control weeks on private blocks.
